MANAGEMENT REPORT

The 2023 performance for Growth Portfolio sub-fund Class A (acc) was 6.45%, the Income & Growth Portfolio sub-fund Class A (acc) returned 5.15% and the Income Portfolio sub-fund Class A (acc) returned 3.82%.

In equity markets, 2023 was a tale of the haves and the have-nots. Those that had meaningful exposure to a select group of mega-cap US tech stocks, latterly termed 'The Magnificent Seven' (Apple, Microsoft, Alphabet, Nvidia, Amazon, Meta Platforms and Tesla), ended the year celebrating a return to strong market performance. One only needs to look at the performance of the tech-heavy US Nasdaq index (+43.4%) versus the more industry-heavy UK FTSE 100 (+3.8%) to see how stark the difference was.

Owing to (1) our natural inclination to an investment style that seeks to accumulate consistent returns over the long term, rather than to speculate on outsized returns in the short term and (2) our fears around the impact of higher interest rates on already expensive assets, the Coleman Street Funds erred on the side of the caution with regards to our high risk, high growth technology exposure.

At the start of 2023, the consensus expectation was clear; underlying inflation would prove weak, interest rates had moved too far, the economy would crumble, and markets would therefore suffer. This consensus view was no more obvious than in investment bank predictions where, having started the year at 3,840 points, the S&P500 was predicted by Barclays analysts to end the year at 3,675, Morgan Stanley, UBS and CITI plumped for 3,900 and BlackRock a heady 3,930. The US index in fact ended the year at 4,770.

We felt, and consistently argued, throughout the year that these expectations were overly pessimistic. It was our belief that, underlying inflation was structurally supported which would mean a need for rates to remain higher for longer but that both personal and business balance sheets were strong and would underpin the economy. The result of this, we expected would be a challenging environment for more expensive assets such as technology businesses and US equities and manna from heaven for less expensive assets such as financial firms or UK listed shares. Our counter-consensus macroeconomic expectations may have proved correct but how we thought that this would translate into stock market returns wasn't a lesson for all economists out there.

Whilst the final outcome of returns was for narrow growth driven by the Magnificent Seven (mostly US technology stocks) and a handful of select themes such as artificial intelligence and fat-busting drugs in 2023, we think the risk remains that there is a reversal in the price of expensive assets and some stability in less expensive assets looking forward. Cautionary tales of one-way-bets-gone-wrong stand from the Nifty Fifty stocks in the 1970's, the dot-com stocks around the turn of the millennium and financial shares around the great financial crash.

Our approach has remained consistent throughout and has focused on trying to invest in great companies that are run by aligned individuals and available at reasonable prices. We continue to maintain exposure to high growth technology stocks and wish to participate in their long-term success, but we will do so only as part of a well-diversified portfolio, built on a foundation of rock – in doing so, we expect that when the rain comes down, the streams rise, and the winds blow we will still be firmly standing.

Independent auditor's report

To the Shareholders of Coleman Street Investments 287, Route d'Arlon L-1150 Luxembourg

Opinion

We have audited the financial statements of Coleman Street Investments (the "Fund") and of each of its subfunds, which comprise the statement of net assets and the statement of investments and other net assets as at 31st December 2023, and the statement of operations and changes in the net assets for the year then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund and of each of its sub-funds as at 31st December 2023, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

Basis for Opinion

We conducted our audit in accordance with the Law of 23rd July 2016 on the audit profession (the "Law of 23rd July 2016") and with International Standards on Auditing ("ISAs") as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" ("CSSF"). Our responsibilities under the Law of 23rd July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "responsibilities of the "réviseur d'entreprises agréé" for the audit of the financial statements" section of our report. We are also independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants ("IESBA Code") as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our report of the "réviseur d'entreprises agréé" thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report this fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors of the Fund for the financial statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of these financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund's and each of its sub-funds' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or any of its sub-funds or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the "réviseur d'entreprises agréé" for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of the "réviseur d'entreprises agréé" that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23rd July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23rd July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund.

- Conclude on the appropriateness of Board of Directors of the Fund use of the going concern basis of
 accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to
 events or conditions that may cast significant doubt on the Fund's or any of its sub-funds ability to
 continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw
 attention in our report of the "réviseur d'entreprises agréé" to the related disclosures in the financial
 statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on
 the audit evidence obtained up to the date of our report of the "réviseur d'entreprises agréé". However,
 future events or conditions may cause the Fund or any of its sub-funds to cease to continue as a going
 concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

- Classes A and 1 for an investment of up to GBP 2.000.000.
- Classes B and 2 for an investment of between GBP 2.000.000 and up to GBP 5.000.000.

2. ACCOUNTING PROCEDURES

Presentation of the financial statements

The financial statements of the Company are presented in accordance with Luxembourg regulation relating to Undertaking for Collective Investment in Transferable Securities. The financial statements have been established using as a basis the last official Net Asset Value dated 29th December 2023. They are prepared in accordance with accounting policies generally accepted in Luxembourg. The financial statements have been prepared in accordance with the format and the regulations prescribed by the Luxembourg authorities for Luxembourg investment companies and include the following accounting policies:

a) Valuation of the investment portfolio

The value of all transferable securities and money-market instruments which are listed or traded on a recognised stock exchange, or dealt in on any other regulated market that operates regularly, is recognised and is open to the public, is determined according to the last available closing price.

Units or shares in undertakings for collective investment are valued on the basis of their last available net asset value as reported by such undertakings.

Insofar as the portfolio securities on the valuation day are neither listed nor traded neither on a stock exchange or any other regulated market, functionally operating, recognised and open to the public, or in the case where, for securities listed or traded on a stock exchange or any other such market, the price determined according to the methods described in the previous paragraphs is not representative of the actual value of these securities, the valuation are based on the expected sales price, which are estimated with caution and in good faith by the Board of Directors of the Company.

b) Net realised gain/loss for the investment portfolio

The net realised gain/loss on sales of investments is calculated on the basis of the average cost of the investment.

c) Foreign exchange translation

The accounts of each Sub-Fund are maintained in the respective reference currency of the Sub-Fund and Financial Statements are expressed in that currency. All Sub-Funds and the Company are expressed in GBP. Assets and liabilities expressed in other currencies than the reference currency of each sub-fund are converted at exchange rates ruling at the end of the year. The net realised gain / (loss) on foreign exchange is recognised in the statement of operations and changes in the net assets.

Income and expenses expressed in currencies other than that of the sub-fund are converted into the currency of the sub-fund according to the exchange rate in force at the transaction date.

The acquisition cost of securities expressed in a currency other than the reference currency is translated into the reference currency at the exchange rate prevailing on the date of purchase.
